

Advantage 3 Tier January 2025 Formulary

This document provides an alphabetical listing of medications covered on the Advantage 3 Tier January 2025 formulary. Inclusion on this list does not guarantee coverage. Individual plans may vary and medications that do not appear on this abbreviated list may be covered. Agents listed are primarily oral, self-injected, inhaled or topical pharmaceutical formulations. Drugs requiring provider administration are generally covered under the medical benefit and may not appear on this list.

PLEASE NOTE: Certain specialty medications may only be available through your plan's preferred specialty pharmacy. Some medications may be subject to the Affordable Care Act (ACA) provisions or your plan's preventive benefit and covered by your plan at 100%. Individual plans may vary. For questions regarding plan-specific restrictions, coverage criteria, and cost sharing information, please log into your member portal and use the "What's my Cost" feature or call the phone number printed on your member ID card.

Each medication may have specific coverage requirements not reflected in this document. The key below explains common coverage indicators present on this file. Drugs shown in lower-case are generically available and typically covered at the lowest member cost share.

T1	Tier 1 medication, typically generics or drugs available at lowest member cost share.
T2	Tier 2 medication, typically preferred or formulary brand drugs.
T3	Tier 3 medication, typically non-preferred or non-formulary drugs.
PA	Drug requires prior authorization to confirm medical necessity prior to coverage.
QL	Quantity limits may apply.
BP	Brand Penalty: Member may be responsible for the cost difference between brand and generic.
SP	Specialty Medication: This drug may only be available at the plan's preferred specialty pharmacy.
