My Courses & Curriculum Redesign

The My Courses and My Curriculums pages are combined in the new My Courses & Curriculums page. From this page Authors and Administrators may edit courses and curriculums, view and update all courses for a specific curriculum, and export the table to .csv.

The following fields may be updated in bulk:

- Folder
- Topic
- Open Enrollment
- Active Status
- Author (Administrators only)

Improvements to Learning pages

- Due Dates:
 - Authors and Administrators may edit an existing due date on a course or curriculum enrollment or add a due date to an existing enrollment without a due date
 - A warning message is displayed if the due date selected is prior to the current date
- Learning Locker:
 - Sort options selected on My Enrollments are remembered on the next visit
 - A 'Review' button is available on completed course cards in My Enrollments and Curriculum Details for quicker access to course content
 - A 'Course Expired' status indicator is displayed on course cards in Curriculum Details
 - The alert bell on collapse Progress Tracker is hidden when the Progress Tracker is expanded
 - Students may easily clear search results on My Enrollments and Course Catalog by selecting the X in the Search box
 - Hover text is added to course and curriculum titles on My Enrollments and Course Catalog
